**Staff Contact: Steve Cassidy** 

## Strategic Plan Relationship(s):

Priority #2 – Financial Plan (efficiently updating infrastructure assets and initiating a preventative maintenance program)

## Rationale:

This road is in extremely bad condition which results in additional wear and tear on equipment when performing winter control. The road services 12 homes and currently includes a cul-de-sac with a grass interior. The intent would be to dig out the unmaintained grass area and pave the cul-de-sac, while also providing for a  $\frac{1}{2}$  m shoulder.
